## Discussion Guide for “Faith vs. Science”

### *Rooted* Week 10

For over 400 years, Christians have had a difficult relationship with science. Too often, we treat science as an antagonist to faith. But if science is a tool we developed to know the natural world, then science is a pathway to know the one who made our world. How can we have a faith informed by science?

#### Passage for Sacred Reading:

Sacred Reading is a way of reading Scripture with an eye toward transformation, not just information. You can find a [step-by-step guide here](#). The passage for this week’s sacred reading is [Proverbs 8](#).

#### Questions for Discussion

1. What is your relationship to science? Do you feel a tension between faith and science?
2. Reread Romans 1:20. Have you ever considered that the world around us points us toward the God of the Bible specifically? What might that look like?
3. How does Proverbs 8 connect creation with our relationship with God?
4. How weird are quantum mechanics? Right?!
5. What does it look like to know Jesus through creation better?
